

The revised version of FiSAT (FiSAT II) is a program package consisting of methodologies for use with computers, enabling users to formulate some management options for fisheries, especially in data-sparse, tropical contexts. The FiSAT II was developed for computers running on Microsoft Windows® operating system. The new version utilizes the standard Windows graphic user interface. FiSAT II was developed mainly for the analysis of length-frequency data, but also enables related analyses, of size-at-age, catch-at-age, selection and other data typically collected for tropical fish stock assessment. This volume is complemented by FiSAT - FAO-ICLARM stock assessment tools. Vol. 2: Reference manual ISBN 92-5-104047-8.

Worrals Carries On, Physiology of obstetric anesthesia, (American lecture series, publication no. 744. A monograph in the Bannerstone division of American lectures in anesthesiology), Invisible Lives: The Truth About Millions of Women-Loving Women, Diary Of Major Wise, Hunting Trip In Powder River Country In 1880, Fifty Shades of Greyscale, Jim Spurling Fisherman (the Adventure Library), Einfuhrung in die algebraische Geometrie (vieweg studium; Aufbaukurs Mathematik) (German Edition),
