

Jeremys Secrets is the first book in the Harry & Company Mystery series featuring ex-CIA retirees. When deputy director Jeremy Foster is killed before he can expose illegal operations inside the Agency, Harry Wilson is tapped to lead an outside effort to find where his best friend had hidden the incriminating evidence. Together with Foster's ex-wife Brenda and other Company associates, Harry pieces together the facts that lead them to totally unexpected conclusions. As it turns out, Jeremy had more secrets than anyone ever imagined. There are plenty of twists and turns to delight the reader, along with just enough suggestive PG language and non-graphic sex and violence to prove that life is still worth living after retirement.
