Agricultural revolution, gradual transformation of the traditional agricultural system that began in Britain in the 18th century.

26 Jan - 11 min - Uploaded by CrashCourse Crash Course World History is now available on DVD! The Agricultural Revolution was the unprecedented increase in agricultural production in Britain due to increases in labor and land productivity between the mid and late 19th centuries. 18 hours ago Could tobacco have launched the agricultural revolution in North America? It's still too early to say, but Carmody definitely thinks it's worth. The Agricultural Revolution was a major event in world history and had a profound effect on populations throughout Europe and other historical events. The term agricultural revolution has been used in connection with events at various times in the past when a significant change in agricultural practice has led to.
