“Cathy Fyock knows there is no “silver bullet” when it comes to successful recruiting and hiring—and that passive tactics do not provide high quality results. She knows the truth: Today’s low unemployment rates combined with increasing retirements of Baby Boomers spell trouble for employers hoping to expand. Her fresh approach shows the reader that there are numerous opportunities to connect with great future employees, and she provides practical advice for tapping multiple sources simultaneously, as well as interviewing and making offers. If you want to hire the best, this book is your guide!”
